

# Comark PDT300

## Waterproof Pen Style Pocket Digital

Cooking thermometer that is slim and fits flat in your pocket

Comark's PDT300 waterproof digital thermometer has a quick response time of six seconds or less and has a slim profile that fits flat in your pocket

PDT300 is a top performing pocket digital thermometer combining accuracy, speed of response and durability.

Temperature measurements of thin foods such as burgers or pancakes can be accurately determined using the small diameter probe. Plus, the PDT300 can withstand commercial dishwasher cycles.

Comark uses BioCote®, the only antimicrobial solution to be awarded HACCP International Certification, to provide an important extra level of surface protection against cross-contamination.

### Features

- Waterproof
- Response time better than 6 seconds
- Stepped FDA Compliant 1.5mm thin tip probe for faster response
- Range -58°F to +302°F
- Accuracy  $\pm 2^\circ\text{F}$
- °F / °C switchable
- Data hold to freeze reading
- Auto power off

### Benefits

- Slim profile fits flat in pocket
- Withstands constant use in wet or humid conditions
- One year warranty
- Biocote® antimicrobial protection

# Comark PDT300 Pocket Digital Thermometer

with thin tip probe

## Warranty

All Comark instruments have a minimum one year warranty unless otherwise stated. The warranty for temperature probes is six months and all other probes are unwarranted because the conditions of use are beyond our control. The Comark Warranty covers manufacturing defects and component failure and applies worldwide. In line with our policy of continuous development, we reserve the right to alter any product specification without notice. Comark has an accredited UKAS (NIST equivalent) calibration laboratory for temperature and humidity measurement and offers full service and recalibration facilities.

Comark products are designed and manufactured for commercial use by trained operators. Any reference to 'dishwasher safe' refers to commercial machines, not domestic or home model machines. Waterproof denotes that an item can be used in the wet environment of a commercial establishment. Comark thermometers are not designed for use underwater.

Comark Instruments is committed to providing quality and affordable products to the food service industry. Our thermometers and humidity testers bring speed, accuracy and reliability to the transport, testing and storing of food under HACCP guidelines. A large variety of products, well-trained staff, and a commitment to customer satisfaction mean you can come to us for answers to all your temperature measurement needs!
